

Mrs. Farhana Amir
Principal Christian Girls' High School Martinpur

PEB scholarships have enabled many families in Martinpur to send their children to school. Children on scholarships have completed their education at school, obtained good marks in Matriculation and gone on to higher studies. This has meant that they have been able to get better jobs, for example, in nursing, engineering, teaching, which means that they are able to support their families financially and help lift them out of poverty. A scholarship to one student is an investment in future generations. We are thankful to PEB and donors for the scholarships given to the community here in Martinpur.
