

*Mrs. Naveeq Zafar mother of Shaheen Zafar – class 4 student*

My name is Naveeq Zafar and I have three children; two boys and a daughter. My son and daughter are enrolled in a PEB School: Shaheen in class 4 and Maira in Prep class. My eldest son was a student of PEB School until class 5 but at that time, there was no PEB building available for boys to continue their studies. Because of this, we had to admit him into another private school. This created problems for our family. The new school was far away from our home, the quality of education was questionable, and the building was not up to date. Unfortunately, we had no other option at that time. My son had developed a strong association with his PEB School and it was very difficult for him to adjust to his new school.

Now that PEB has constructed a separate building for boys, I am very happy and satisfied that my eldest son will be back next session studying with his 2 other siblings in such a beautiful building. I would like to thank PEB school management for constructing such a wonderful school building for the boys of Pasrur.

I prefer the PEB School for my children because it is one of the oldest and most respected schools in Pasrur. In addition to this, the discipline and quality of education is very good. I have lived in Pasrur for a long time now and have seen many things over the last 10 years. I have watched the school management endlessly striving for excellence in every way. We could send our children to any of the wonderful schools here in Pasrur, but at PEB School, my children are able to learn discipline.

I think that every parent has big dreams for their children and wants them to get the best education for a successful career. I also have hopes for my children; that they will have a good future as they receive a quality education, which is the key to success. I believe that this school will play an important role in making their future bright.
