SCHOOL HIGHLIGHT

Kinnaird Academy Administration Building Nears Completion!

We had hoped to celebrate the completion of Kinnaird Academy's new administration building this month, but annual monsoon rains and an unexpected construction delay slowed progress. Construction experienced a brief delay when building material suppliers across Pakistan went on strike after requesting price increases that were not approved by the government. The strike disrupted the supply of essential materials, including cement, bricks, and crushed stone, temporarily pausing construction projects throughout the region.

The good news is that the strike has ended, materials are once again available, and the administration building is now in its final stages. With administrative offices soon moving into this new building, three additional classrooms will open up inside the main school building hopefully in time for when students return from summer break.

These newly available spaces will allow the school to better serve growing student needs, with one room transforming into a “Scripture Room,” creating space for students to study and grow in their faith. The other two former offices will be repurposed into classrooms for Class 9 and 10.

The new Administration Building includes:
• Principal’s office with attached restroom
• Vice Principal’s office with attached restroom
• Accounts and Administration office
• IB Coordinator room
• Reception area
• Waiting area
• Staff restroom
• Visitor restrooms
• Kitchenette
• Storeroom

While simple in design, this building represents something much bigger: more room for students to learn, grow, and prepare for their futures.

And this is only the beginning.

The next phase for Kinnaird Academy is a new Academic Building that will include nine additional classrooms. Construction will begin as soon as funding is available. Once completed, this expansion will create space for more than 200 additional students to attend Kinnaird Academy.

Would you consider making a gift to help move this project forward? Every classroom created means more children in Pakistan can go to school and receive a quality education.

Thank you for helping make improvements like this possible. Your support continues to create lasting impact for students, teachers, and families at Kinnaird Academy.
